# random-gallery

url: ctf.ac.upt.ro:9546

Opening the page redirects to the login page.
Let's scan the page using dirb.

```
---- Scanning URL: http://ctf.ac.upt.ro:9546/ ----
+ http://ctf.ac.upt.ro:9546/gallery (CODE:308|SIZE:255)
+ http://ctf.ac.upt.ro:9546/login (CODE:200|SIZE:1045)
```

Following the gallery link, i got to a page with two galleries: cities and animal.
Going deeper city->haunts->me we find a QR code.

The "not-a-flag" leads to the flag.
